MA Exam Committee

Secure the agreement of a faculty member to be the chair of your MA Exam committee. Ask this person to sign and date the form below. You are also invited to propose other members for your committee on the form below. Ideally, students in French and Spanish will have one faculty member for each of the four periods. Students in Italian will have three faculty members to cover the four periods. In Romance Languages, the three or four faculty members should provide as much coverage of all periods as possible and must include one member from the second Romance language. We will do our best to constitute your committee based on your suggestions, but substitutions may be necessary according to current staffing needs and will be made at the discretion of the DGS and the Graduate Committee. Please return this form to the Graduate Coordinator by Week 6 (fall term).
